

# It's going to be a very good year

By PETER JEDICKE

Westlane reporter

Westlane, we're on the rise.

It's only the end of October, but we've already shown that this is going to be a good year.

For instance, everyone should be looking forward to the return of the Spartacular. Yes, if enough support is shown, now, we will have a yearbook this year. For the price of \$4.00, students can reserve a copy. A copy of the Spartacular is the most valuable item you can own to remind you of Westlane 1971-72. So reserve your copy right away!

Congratulations from all are in order for the Westland soccer team, which travelled to Newmarket last week to take part in an Invitational Tournament, which saw the best school soccer teams in the province battle for eight divisional titles.

Playing in D division, our Spartans won all four games, defeating previously unbeaten Huron Heights 1-0 on a goal by Frank Miehle in the final match. If this team keeps going the way they have been, we'll soon see the World Cup in our trophy case.

And now, a look around at what's coming up. The next thing happening at Westlane will be Nov. 1. This is an important date because, a s

everyone knows (but few will admit), it is the first school day after Halloween. What this means is that everyone will have plenty of candies to throw at everyone else in the cafeteria during lunch periods. Furthermore, the janitors will be hard pressed to keep the desks devoid of candy wrappers. In any case (or, in spite of myself), Happy Wrigley's!

The award for this year's most unusual organization goes to the Riding Club (horseback riding, that is). This was the brainchild of some of our teachers, who, at first, must

have realized the whole thing sounded pretty corny.

When they called their first meeting, they hoped to have 20 people show up, just enough for their club to survive. Well, as the tail wags, 162 enthusiastic equestrians turned out. Now, of course, their problem is getting enough horses.

I was wondering if there are any obscure organizations in the school. Has anyone heard of these two: The Red Nations Club and the United Cross Club? One of these must be a Communist plot, the other is obviously some atheistic hypo-

crites union. Oh, well, I tried.

How about the drama club? As usual, we will be having a drama night, and a school show. There will be at least three one-acts on drama night, which we plan to hold in middle December, and, yes, yours truly, will further endanger his reputation as a sane individual by attempting to stage another fiasco.

The school show will be under the guidance of Mr. Lannon, and we hope to hear about it soon. Since everyone is at least a little bit of a ham, I hope to see all kinds of support for our most active organization.
